Results-driven finance and accounting professional holding an MSc in Finance and Accounting from Anglia Ruskin University and a Bachelor of Business Administration from Sejong University. Seeking to leverage a comprehensive academic background, analytical skills, and dedication to excel in a challenging finance role within a dynamic and reputable organization. Committed to contributing value through meticulous financial analysis, strategic decision-making, and effective financial management.

EDUCATION

Anglia Ruskin University -- Master of Science Accounting and Finance (09/19/2022 - 10/20/2023)

The attainment of a Master of Science in Accounting and Finance has endowed me with a profound comprehension of finance. The curriculum was meticulously designed to encompass a broad spectrum of topics, including but not limited to financial analysis, investment management, risk assessment, and financial markets. This program is strategically structured to provide students with a comprehensive skill set essential for making strategic financial decisions. The acquired knowledge extends to both corporate and investment contexts, ensuring a well-rounded expertise in navigating the complexities of the financial landscape.

Sejong University -- Bachelor of Business Administration (09/01/2015 - 08/04/2019)

The Bachelor of Business Administration program at Sejong University served as the cornerstone of my academic journey, delivering a robust foundation in essential business disciplines. This comprehensive curriculum delved into core areas including finance, marketing, management, accounting, and economics.

WORK EXPERIENCE

08/05/2020 - 09/10/2022

Project Finance Analyst [PPPDA, Ministry of Finance of the Republic of Uzbekistan]

As a dedicated professional, I led a strategic initiative aimed at advancing Public-Private Partnership (PPP) projects within the social sector of Uzbekistan. My role involved efficient collaboration with government authorities, fostering strong alliances with global financial institutions, conducting in-depth trend analysis, addressing project-related risks, and utilizing advanced financial analysis and modeling methods. These efforts ensured the successful development and management of PPP projects with precision and foresight.

CERTIFICATES

02/10/2023 - 04/15/2023

Bloomberg Market Concept

I have successfully completed the Bloomberg Market Concepts (BMC) program, an intensive curriculum covering a diverse range of financial topics within the equity, fixed income, foreign exchange, and commodities

markets. This program extends beyond market specifics, delving into fundamental financial concepts such as risk assessment, valuation techniques, and the utilization of various financial instruments.

12/10/2022 - 03/01/2023

Udemy Microsoft Excel Course

The advanced Excel course I undertook has fortified my foundational knowledge of Excel basics and equipped me with a comprehensive skill set crucial for professional environments. The curriculum covered a spectrum of topics, emphasizing not only the mastery of common functions used in the workplace but also delving into advanced automation with Macros and Visual Basic for Applications (VBA). Key areas of expertise include the efficient management of large datasets, the creation of dynamic reports using PivotTables, and the application of dynamic formulas such as IF, VLOOKUP, INDEX, MATCH, and more.
